MATERIAL SAFETY DATA SHEET

1. SUBSTANCE AND SOURCE IDENTIFICATION

National Institute of Standards and Technology Standard Reference Materials Program 100 Bureau Drive, Stop 2300 Gaithersburg, Maryland 20899-2300 SRM Number: 2964 MSDS Number: 2964 SRM Name:

Respirable Cristobalite on Filter Media (Nominal Mass of Cristobalite, $50~\mu g$)

Date of Issue: 06 April 2012

Telephone: 301-975-2200 FAX: 301-948-3730 E-mail: SRMMSDS@nist.gov Emergency Telephone ChemTrec: 1-800-424-9300 (North America) +1-703-527-3887 (International)

Description: This Standard Reference Material (SRM) is intended primarily for the calibration of X-ray diffraction (XRD) spectrometers for the determination of respirable cristobalite using National Institute for Occupational Safety and Health (NIOSH) Method 7500 [1], or the equivalent. A unit of SRM 2964 consists of five polyvinyl chloride (PVC) filters, each containing a nominal mass of 50 μg of respirable cristobalite, and five blank PVC filters containing no cristobalite.

Substance: Respirable cristobalite

Other Designations: Alpha-cristobalite; cristobalite; alpha-crystobalite; crystobalite; metacristobalite; silica,

crystalline-cristobalite; silicic anhydride; cristoballite

2. HAZARDS IDENTIFICATION

NFPA Ratings (Scale 0-4): Health = 1

Fire = 0

Reactivity = 0

No

Major Health Hazards: Cancer hazard (in humans).

Physical Hazards: There are no physical hazards associated with this material.

Potential Health Effects (Acute and Chronic)

Inhalation: Inhalation of finely divided crystalline silica dust particles may cause physical discomfort of the respiratory tract. Repeated or prolonged inhalation of dust particles may result in silicosis in a few weeks to six months depending on the level of exposure. Symptoms may include coughing, shortness of breath, and weight loss. Persons diagnosed with silicosis have an increased risk of developing lung cancer.

Skin Contact: Exposure may cause irritation of intact skin due to mechanical abrasion. If the skin is abraded, a heavy growth of scar tissue may be induced.

Eye Contact: Exposure may cause irritation due to mechanical action.

Ingestion: Effects caused by ingestion are due to mechanical action as crystalline silicas are biologically inert.

Listed as a Carcinogen/Potential Carcinogen

In the National Toxicology Program (NTP) Report on Carcinogens $X^{(a)}$ In the International Agency Report on Carcinogens (IARC) Monographs

By the Occupational Safety and Health Administration (OSHA)

MSDS 2964 Page 1 of 4

⁽a) NTP lists cristobalite as known to be a human carcinogen.

⁽b) IARC lists cristobalite as Group 1 (carcinogenic to humans).

3. COMPOSITION AND INFORMATION ON HAZARDOUS INGREDIENTS

Component ^(a)	CAS Registry	EC Number (EINECS)	Nominal Mass Concentration (%)
Cristobalite	14464-46-1	238-455-4	100

⁽a) Each loaded PVC filter contains 50 µg of cristobalite particulate matter. Hazardous components 1 % or greater; carcinogens 0.1 % or greater are listed in compliance with OSHA 29 CFR 1910.1200.

EC Classification: Not classified.

EC Risk (R No) and EC Safety (S No): Not assigned.

4. FIRST AID MEASURES

Inhalation: If adverse effects occur, remove to uncontaminated area. Give artificial respiration if not breathing. Get immediate medical attention.

Eye Contact: Flush eyes with copious amounts of water for at least 15 minutes. Get medical attention, if necessary.

Skin Contact: Wash affected area with soap and water for at least 15 minutes. Seek medical attention, if needed. Thoroughly clean and dry contaminated clothing and shoes before reuse.

Ingestion: If a large amount is swallowed, get medical attention.

5. FIRE FIGHTING MEASURES

Fire and Explosion Hazards: Negligible fire hazard.

Extinguishing Media: Use extinguishing agents appropriate for surrounding fire.

Fire Fighting: Avoid inhalation of material or combustion byproducts. Wear full protective clothing and NIOSH-approved self-contained breathing apparatus (SCBA).

Flash Point: Not applicable.

Autoignition Temp: Not applicable.

Flammability Limits in Air

UPPER (Volume %): Not applicable. **LOWER (Volume %):** Not applicable.

6. ACCIDENTAL RELEASE MEASURES

Occupational Release: Collect spilled material in appropriate container for disposal. Avoid generating dust. Clean up residue with a high-efficiency particulate filter vacuum. Keep out of water supplies and sewers.

Disposal: Refer to Section 13, "Disposal Considerations".

7. HANDLING AND STORAGE

Handling and Storage: Store and handle in accordance with all current regulations and standards. Keep separated from incompatible substances. Sealed filters, as received, should be stored in the dark at temperatures between 15 °C and 25 °C.

Safe Handling Precautions: See Section 8, "Exposure Controls and Personal Protection".

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure Limits

ACGIH (TWA): 0.025 mg/m³ (respirable fraction) NIOSH (TWA): 0.05 mg/m³ (respirable dust) NIOSH (IDLH): 25 mg/m³ (respirable dust)

OSHA (TWA): $(1/2)[30/(\% SiO_2 + 2)] mg/m^3$ (total dust)

OSHA (TWA): $(1/2)[250/(\% SiO_2 + 5)]$ mppcf (respirable fraction) OSHA (TWA): $(1/2)[10/(\% SiO_2 + 2)]$ mg/m³ (respirable fraction)

MSDS 2964 Page 2 of 4

Ventilation: Use local exhaust ventilation system. Ensure compliance with applicable exposure limits. Refer to the ACGIH document, *Industrial Ventilation*, a Manual of Recommended Practices.

Respirator: If workplace conditions warrant a respirator, a respiratory protection program that meets OSHA 29 CFR 1910.134 must be followed. Refer to NIOSH 42 CFR 84 for applicable certified respirators.

Eye Protection: Wear chemical safety goggles. An eyewash station should be readily available near areas of use.

Personal Protection: Wear appropriate chemical resistant clothing and gloves to prevent skin exposure.

TOXICOLOGICAL INFORMATION Route of Entry: X Inhalation Skin Ingestion Toxicity Data: Human, Inhalation TCLo (intermittent): 16 mppcf (8 h/17.9 year) Rat, Intratracheal LDLo: 200 mg/kg Health Effects (Acute and Chronic): See Section 2, "Hazards Identification" for potential health effects. Target Organs: Respiratory tract. Tumorigenic The Registry of Toxic Effects of Chemical Substances (RTECS) lists the following endpoints for tumorigenic effects: Rat, Intrapleural TCLo: 90 mg/kg; Rat, Intrapleural TC: 100 mg/kg.	Hazardous Polymerization: Will OccurX Will Not Occur 11. TOXICOLOGICAL INFORMATION Route of Entry:X Inhalation Skin Ingestion Toxicity Data: Human, Inhalation TCLo (intermittent): 16 mppcf (8 h/17.9 year) Rat, Intratracheal LDLo: 200 mg/kg Health Effects (Acute and Chronic): See Section 2, "Hazards Identification" for potential health effects. Target Organs: Respiratory tract. Tumorigenic The Registry of Toxic Effects of Chemical Substances (RTECS) lists the following endpoints for tumorigenic effects: Rat, Intrapleural TCLo: 90 mg/kg; Rat, Intrapleural TC: 100 mg/kg. Medical Conditions Aggravated by Exposure: Respiratory disorders. 12. ECOLOGICAL INFORMATION Ecotoxicity Data: No ecotoxicity data available. 13. DISPOSAL CONSIDERATIONS		
11. MSDS 2964 Page 3 of 4

U.S. DOT and IATA: This material is not regulated by DOT or IATA.

15. REGULATORY INFORMATION

U.S. REGULATIONS

CERCLA Sections 102a/103 (40 CFR 302.4): Not regulated for this material. SARA Title III Section 302 (40 CFR 355.30): Not regulated for this material. SARA Title III Section 304 (40 CFR 355.40): Not regulated for this material. SARA Title III Section 313 (40 CFR 372.65): Not regulated for this material. OSHA Process Safety (29 CFR 1910.119): Not regulated for this material. SARA Title III Sections 311/312 Hazardous Categories (40 CFR 370.21):

ACUTE: No
CHRONIC: Yes
FIRE: No
REACTIVE: No
SUDDEN RELEASE: No

STATE REGULATIONS

California Proposition 65: Warning! This material contains silica, crystalline (airborne particles of respirable size) that is known to the state of California to cause cancer.

CANADIAN REGULATIONS

WHMIS Classification: Not provided for this material.

EUROPEAN REGULATIONS

EC Classification: Not classified.

EC Risk and EC Safety Phrases: Not assigned.

NATIONAL INVENTORY STATUS

U.S. Inventory (TSCA): Listed.

TSCA 12(b)

Export Notification: Not listed.
